About SkillSphere Education

Short term and long term educational programmes that focus on the development of 21st century skills, such as public speaking, general knowledge & awareness, leadership, critical thinking, collaboration, among a range of others.

SkillSphere conducts its initiatives under 3 main verticals – Model United Nations (MUNs), Quizzing and 21st Century Skill Development

Our homegrown 3D Model of Learning ensures a perfect blend of theoretical, practical and experiential learning. By making students perform activities, make mistakes and reflect on these learning curves, SkillSphere ensures integrated and sustainable learning through all its educational initiatives

Public speaking, general awareness & 21st century skill development in 7+ countries across Asia

Upskilling in different skill areas

Events

Among many innovative events

We would be happy to collaborate with your school to conceptualise and organise these events!

Testimonials from Schools

”

The programmes conducted by SkillSphere Education for our students have been a complete eye-opener for them. Our students are so much more aware about current affairs situations, are a lot more confident and have gone on to do the school proud in so many public speaking events and conferences in Mumbai too.

We are very thankful to Anansh, and his SkillSphere Education team for the efforts that they have put in and strongly recommend that institutions should associate with SkillSphere Education for its programmes.

Dr R Vadarajan – Principal
NES International School, Mumbai

“

SkillSphere Education under the leadership of Anansh Prasad is evolving creatively and continues to take up path-breaking ventures.

The benefit of its students is at its core and Anansh's team is very passionate about the programmes the organisation conducts.

Father James CMI– Principal
St Paul's School, Rajkot

”

SkillSphere Education had organised different workshops at our school. The entire process was well organised and systematic. The staff is extremely cordial and professional. We have witnessed a personality change in these students who had attended these workshops.

These workshops have boosted their confidence and vocabulary. The students have benefited a lot and they have been highly appreciated by our parents as well. All the best Team SkillSphere Education!

Ms Padmaja Chavali – Principal
City International School, Kothrud, Pune
